### PRINCIPAL'S MESSAGE

Dear all,

"Education is a shared commitment between dedicated teachers, motivated students and enthusiastic parents with high expectations"

You know that, schooling itself is a first contact with the world, and schooling is a course of joy. It is not just due to provided facilities like classroom, library, laboratories and the sports fields but it is due to the bonding between students and teachers.

Learning is not limited to schools only, and it does not end with the conclusion of pupil's school education. It is indeed a life along process. Our DAV is oriented to the total development of a child with adaptations of various methods suitable to the dynamics of changing world, in order to achieve common goals and objectives. This school is characterized by shared vision and responsibility of parents and teachers.

Dear students, you should know that the proper character of an individual life is based on values. The great personalities are honest and committed to truthfulness in terms of thoughts, words and deeds. Really true character of an individual encompasses the capacity of self-discipline. This character builds self-respect, which leads to self-esteem. It can be achieved only if you try to think about others before thinking about yourself.

Students, what you are is God's gift to you, what you become is your gift to God. Just bring out the best in you.

With warm wishes and God's blessings

**Dr. C. L. Bhaskara**, Principal

### FACULTY DEVELOPMENT PROGRAMME

Empowered teachers are given the encouragement and support necessary to take risks and engage in continuous professional development while collaborating with colleagues and this process is essential to success in education, DAV public school had organized Faculty develop programme in the month of May 2022.

The orientation began with the vision and mission of DAV by **Dr Shraddha Pramod**, Director DAV Public school. Teachers of DAV actively participated in the programme wherein they were oriented on academic teaching skills by the team of experts on the following topics:

- ✦ ACTIVITY BASED TEACHING – LEARNING STRATEGIES IN SCHOOL BY **Dr. Kalyani**, Assistant professor at Bangalore University
- ✦ TEACHERS' ROLE IN STUDENT'S LIFE BY **Shri. Eshwaran** Senior Disciple of the Eminent Philosopher Swami Parthasarathy. Founder the Vedanta Institute.
- ✦ INTEGRATION OF TECHNOLOGY IN SCHOOL EDUCATION by **Dr. Suresh Shetty**, Professor at Presidency University.

### AKSHARAABHYASAM: Inception of Knowledge

It is a traditional function in which the child is given initiation to the concept of education, so that the child is ready to receive formal education. Akshara means 'Alphabet' and Abhyasam means 'Practice'. This ritual involves seeking blessings from divinity. DAV organized this programme to uphold the age old tradition, where parents initiated their children into the world of knowledge after the prayers to start their new endeavor.
